IFT SET FOR SEPT. 1-2

HOUGHTON IS SITE FOR
16TH ANNUAL TOURNAMENT

Jumbo Jon Davis, Director of
the International Frisbee Tourna-
ment, has announced that this year's
16th Annual IFT will be held on
Saturday and Sunday, September 1
and 2, at Houghton, Mich.

Speaking from a snowbank on the
Keweenaw Peninsula, Davis admitt-
ed the decision was a radical de-
parture, since the event has been
held on the 4th of July weekend
in the past, but said he felt this
would allow even greater partici-
patation by Frisbee disc lovers
throughout the world.

The bearded bar owner also indi-
cated that several rule-changes
are being evaluated and he is in
contact with some of the leading
Frisbee disc authorities across the
nation.

Decision to move the site to
Houghton was prompted by two
motives, according to Davis: The
greater abundance of accommoda-
tions that are available at Copper
Harbor, and the continuing attempts
by arch-villain, J. Hickey Pimple-
ton to torpedo the tournament by
sinking the Keweenaw Peninsula.

I.F.A., with the help of North
Central Airlines, which serves the
Houghton-Hancock airport, is cur-
rently trying to put together a
"Frisbee Flying Disc Freak" flight
package which will make it easier
for enthusiasts to get to the tourna-
ment. Not only easier, but less ex-
penasive.

If you would be interested in some
sort of packaged fare deal for the
IFT, you are urged to let the IFA
know immediately so that we can
determine the degree of interest.

Lander said Baltimore officials
including Mayor William Donald
Schaefer, have indicated they'll go
all out in providing the regional
champions attending the event a
memorable time in this historic
part of the United States, so near
to the national capitol.

Inquiry has been received by the
National Contest office from Can-

FRISBEE MAKE NEWS

The pleasures evolved from
Frisbee flying discs continue to be
a source of major interest to the
news media throughout the U.S.
and the world.

One of the most outstanding Fris-
bee disc spreads ever to appear
was in Northliner, official publica-
tion of North Central Airlines, which, if
you're going to the International
Frisbee Tournament, is the only
way to fly.

They did a multi-page full color
spread, including a cover photo of
Berkeley Frisbee disc great Victor
Malafronte.

Several of the nation's leading
newspapers are also evincing major
interest in Frisbee. The Los An-
geles Times "Home" magazine has
an upcoming spread on Frisbee
discs in its "Games People Play"
feature.

Popular Detroit News columnist
Pete Waldmeir is working on a
Frisbee feature, and the Louisvile
(Ky.) Courier-Journal did an im-
pressive layout on the "father of
Frisbee," Fred Morrison.
