This collection is available at The State Historical Society of Missouri. If you would like more information, please contact us at shsresearch@umsystem.edu.

Introduction

Addition includes papers and correspondence of Newell S. Gingrich; a variety of published materials relating to atomic bombs, civil defense, and radioactive fallout; conference materials; newsletters published by the Central Missouri Amateur Astronomers and the Astronomical Society of Kansas City; photographs; faculty meeting minutes; a history of astronomy at the University of Missouri-Columbia; and miscellaneous material.

Box List

Box 1

Gingrich, Newell S.
   Correspondence [2]
   Notebooks
Oak Ridge course
Radiological School
University of Missouri
Training [2]
   Campus disaster plan, 1958
   Civil Defense
   General information

Box 2

Astronomy
   Astronomical Society of Kansas City, Cosmic Messenger, 1990-1992
   Astronomical Society of Kansas City, membership directory, 1992
   Central Missouri Amateur Astronomers/Astronomical Association [4]
       Correspondence
       Equipment license agreement
       Meeting agendas
       Physics development fund
Atomic bomb related files
   Argonne laboratory
   Civil Defender
   Federal Civil Defense Administration (FCDA)
       Advisory
       Film strips
       Operation Cue
       What You Should Know About Radioactive Fallout
       Instructor’s Guides
       Radiological Monitoring for Instructors

THE STATE HISTORICAL SOCIETY OF MISSOURI MANUSCRIPT COLLECTION
10/23/2015
Radiological Monitoring—training kit
Radiological Defense for Monitors Course, parts 1 and 2

Miscellaneous
Nevada test site
Anatomy of the Nevada Test Site
Continental Atomic tests—background info for observers
Desert Rat Handbook for Civil Defense Field Exercise participants
Operation Cue—the atomic test program
Newspaper clippings
Technical bulletins

Handbook for Radiological Defense Subcourses

Miscellaneous
Papers—Instrument Society of America—Nuclear Radiation Instrumentation

Publications
1970 Without Arms Control
Atoms for Power: U.S. Policy in Atomic Energy Development
“Danger from Atomic Power Plants”
“Fallout Protections: What to Know and Do about Nuclear Attack”
“How Safe? Radiation Monitoring for Civil/Industrial Safety”
“Nuclear Reactors: Putting the Atom to Work”
Radium in the Healing Arts and in Industry

Radiation calculations

Conferences

Miscellaneous Papers

Publications
“How History of the Department of Chemistry, University of Missouri-Columbia, 1843-1975,” Dorothy V. Nightingale
“How History of the Romance Languages at the University of Missouri,” author unknown

Publications by Members of the Faculty of the University of Missouri between June 1, 1900, and June 1, 1907

Box 3 (gray)
Faculty meeting minutes, 1988
An Informal History of Astronomy at the University of Missouri-Columbia by Charles J. Peterson, 1981

Miscellaneous
Photographs, c. 1910s-1970s
History—Mid-Continent Observatory
