Introduction

Minutes and agendas of the MACEA executive council; letters related to the Nuclear Regulatory Commission; news releases of MACEA and other environmental organizations; newsletters for MACEA and flyers distributed to members; and other material, published and unpublished, related to energy questions.

These records consist of minutes and agenda of the MACEA executive council for the period October 2, 1978 through March 12, 1979 and include material related to the legislative interests of the group at that time. There are letters related to the Nuclear Regulatory Commission and H.R.10785 for the appropriation of funds for public participation and a form letter sent to members of Congress in August 1978.

These records also contain news releases of MACEA and other environmental organizations for the period 1973-1980; newsletters for MACEA for the period 1973-1981; and flyers distributed to members of the organization. The collection also includes other material, published and unpublished, related to energy questions.

Provenance

These records were received as accession KA0085 on May 27, 1981, from Bill Rousch of the MidAmerican Coalition for Energy Alternatives under the terms of a contract signed November 20, 1980.

Institutional Sketch

The MidAmerican Coalition for Energy Alternatives (MACEA) was a regional organization formed in about 1973 to serve as a citizen action and lobbying group in support of renewable energy resources. The group was active in its opposition to nuclear power plants, especially the Wolf Creek Power Plant. It also served as a lobby group in legislative chambers and Public Service Commission hearings on energy issues and utility rate structures.

Box List

Folder 1. Minutes and Agenda
MACEA Executive Council, October 2, 1978 - March 12, 1979

Folder 2. Legislative action: Correspondence and notes
Folder 3. Legislative action: Reports
Legislative affairs in Missouri, 1978.

Folder 4. Newsletters
MACEA newsletters, 1974 and 1979, incomplete

Folder 5. Grant proposal
Draft of a continuation grant for the Electrical Utility Rate Reform Project of the Center for Rural Affairs in Lawrence, Kansas.

Folder 9. Newsletters - undated

Folder 12. News releases - undated

Folder 13. News releases - 1973

Folder 15. News releases - 1975

Folder 17. News releases - 1978

Folder 18. News releases - 1979

Folder 19. Membership mailings

Folder 20. News releases - 1973

Folder 21. Office manual

Folder 22. Correspondence and news release, July 1, 1977

Folder 23. Correspondence, August 1978
