Soroptimist International of Kansas City Records

1926-2010

27 cubic feet, oversize

Organizational records of a local professional and businesswomen's service organization, including correspondence, business and financial papers, obituaries of its members, and newsletters.

HISTORY:

Soroptimist International of Kansas City, Missouri was chartered on May 19, 1926, by Stuart Morrow, a professional service club organizer. The first Soroptimist Club was established in Oakland, California, in 1921 by Mr. Morrow. Mr. Morrow, while organizing a service club for men, found that women would also be interested in such a group. He incorporated the name "Soroptimist," which is from the Latin words soror meaning sister and optima meaning best. A free translation is "the best for women." There are Clubs located throughout the world.

Soroptimist members are professional and executive businesswomen. Membership is by invitation only. There can be only one Active and one Associate member for each particular job classification. A Member must be employed and devote at least sixty per cent of her occupational time to productive work in her job classification, or derive at least sixty per cent of her occupational income from productive work in that classification. Along with regular business and program meetings, members also take part in various service projects to benefit the community.

Started in 1954 as a separate entity from the Soroptimist International of Kansas City, the Soroptimist Welfare Fund was established as a legal way to handle a substantial amount of money left to the Club, as well as other gifts and legacies that would be tax deductible.
