Information Sheet

R Mine La Motte (Mo).
27 Abstract of title, ca. 1922.
27 pages, typescript.

This collection is available at The State Historical Society of Missouri. If you would like more information, please contact us at shsresearch@umsystem.edu.

This is a photocopy of a typescript compilation of the abstract of title to the property at Mine La Motte in Madison County, Missouri. Mine La Motte was the site of an early, and long-producing, lead mining operation. The abstract was formerly part of the collection of Dr. W. Harry Barron of Fredericktown, Missouri, and is now owned by the Madison County Historical Society. The abstract was excerpted from the official records of Madison County, but its accuracy has not been checked. The compiler and date of compilation are unknown, although the last transaction listed occurred in 1922.
