This collection is available at The State Historical Society of Missouri. If you would like more information, please contact us at shsresearch@umsystem.edu.

This is an account ledger of a general store operated by T. J. Norman, probably at Winona in Shannon County, Missouri. The entries begin in 1890 and continue through 1901. The volume concludes with an inventory of the stock of T. J. Norman as sold to Trammell & Miller on 8 April 1902.

The volume is a standard account ledger showing charges to, and payments on, accounts for dry goods, groceries, and farm supplies. Most of the accounts are for individuals, but the Carter Lumber Company and the firm of Church & Kissell were frequent customers. The entries begin on 15 December 1890. There are no entries for 1892-1894, but they resume on 1 January 1895 and continue through 7 February 1901. Norman sold his stock to Trammell & Miller on 8 April 1902.

This ledger was once part of the collection of the Jackson County Historical Society (Mo.). It was deaccessioned in 1981.
