These are the published minutes and proceedings of the 57th annual session of the Greene County Baptist Association, held with the Ash Grove Church at Ash Grove in Greene County, Missouri, on 3-5 September 1929. C. K. Martin served as moderator of the session.

The Greene County Baptist Association held its first annual session in 1873. By 1929 it had 47 member churches with over 9000 members, although not all of the congregations sent messengers to this meeting. By far the largest member church was First Baptist of Springfield, with over 1900 members.

This 52-page booklet includes the official minutes of the session, lists of officers and standing committees, the Association’s constitution and rules of order, reports filed by the committees, a roll of messengers from constituent congregations, and statistical charts listing the member churches, their pastors, and leadership.
