Edmee Baur Nash created three scrapbooks. The first scrapbook contains collected news stories about the Webster Groves League of Women Voters. League news stories were clipped from various St. Louis-area newspapers between 1948 and 1953. The second scrapbook contains family photos. The final scrapbook tracks the development of a child named William Nash, who was adopted into the family in 1936. In addition, the Nash collection contains signed art work from various artists, a volume of Edmee Nash’s collected poems, and other items related to her writing hobby.
