S1051, ARCHITECTURE COLLECTION, 1928-1996
2 FOLDERS

This collection is available at The State Historical Society of Missouri. If you would like more information, please contact us at shsresearch@umsystem.edu

The Architecture collection contains three booklets published in 1928 written about the use of marble in various types of buildings found within the urban landscape. The supplemental materials include an architectural bibliography, photographs of various buildings, and a portrait of an unidentified woman.
