## INTRODUCTION

The State Historical Society of Missouri Audio Cassette Collection is a collection of miscellaneous interviews, lectures, and speeches collected over the years.

## SCOPE AND CONTENT NOTE

The State Historical Society of Missouri Audio Cassette Collection consists of audio cassettes and related materials. The cassettes are arranged in the order that they were received and the related materials are arranged by the audio cassette number. Some of the related material includes transcripts, notes in preparation for the interview, and background material. Not all the cassettes have all the related material; a few have no related material at all.
