This collection is available at The State Historical Society of Missouri. If you would like more information, please contact us at research@shsmo.org.

Introduction
The records of the Missouri Century Farm Program contain applications, programs, clippings, and miscellaneous material. The program was created in 1975 to celebrate the U.S. Bicentennial. Beginning in 1986, University of Missouri Extension began administering the program and the Missouri Farm Bureau became a co-sponsor in 2008.

Note: For a current list of century farms in Missouri, please see: http://extension.missouri.edu/centuryfarm/documents/centuryfarmstable.pdf. An Access Database also exists in the Accessions folder on the P drive.
