

## Information Sheet

**R Schoenherr, Adolph.**  
**615 Papers, 1906-1919.**  
**Three folders.**

### **MICROFILM**

This collection is available at [The State Historical Society of Missouri](http://www.shsresearch@umsystem.edu). If you would like more information, please contact us at [shsresearch@umsystem.edu](mailto:shsresearch@umsystem.edu).

These are business and personal papers of Adolph Schoenherr, a businessman and mine operator in Jasper County, Missouri. The papers concern lead and zinc mines around Webb City and Carterville, and the operations of the Schoenherr-Walton and Reliance mining companies. There are also papers concerning a proposed adoption of a child by Adolph and Beulah Schoenherr.

Folder 1 contains papers, correspondence, leases, and legal papers concerning the mining business in Jasper County. The earliest material concerns Adolph Schoenherr, who engaged in the mining business with W. F. Schoenherr, O. H. Schoenherr, H. A. Genung, and T. R. Smith in a firm styled Schoenherr Brothers & Company. In 1906, the Schoenherrs leased mineral rights to the Guinn land near Carterville from the Rhea Lead & Zinc Company. The Schoenherrs formed the Schoenherr-Walton Mining Company with William Walton in 1907. Walton obtained a one-half interest in the new mining company, for which he was to provide mining tools, machinery, buildings, and a concentrating plant. Walton was also the on-site mining superintendent. The other stockholders, W. F. Schoenherr, O. H. Schoenherr, Adolph Schoenherr, T. R. Smith, and W. E. Rogers, contributed the lease by which mining would begin in July 1907. The operations by the Schoenherr Brothers and the formation of the Schoenherr-Walton Mining Company are documented by various leases and other papers in the collection.

Folder 1 also includes papers and correspondence of the Stevison-Rogers Lead & Zinc Company and the Reliance Mining Company of Webb City, 1909-1919. This material also concerns mine leases and mining operations around Webb City and Carterville, but whatever connection they might have with the Schoenherr operations is not evident in the papers.

Folder 2 consists of statistical summaries on the operations of the Schoenherr-Walton Mining Company. Included are monthly statements of profit and loss, and comparative analyses of the company's operations from 1907 through June 1913. Many of the reports include a narrative paragraph summarizing mine operations and the fortunes of the mining company, which declined after 1911.

Folder 3 contains correspondence regarding the proposed adoption by Adolph and Beulah Schoenherr of Edith DeLacy. Included are letters from the Schoenherrs to the superintendent of the Masonic Home of Missouri, Edith DeLacy, and her father, George DeLacy. The adoption proceedings were never finalized.

**Shelf List**

These are business and personal papers of Adolph Schoenherr, a businessman and mine operator in Jasper County, Missouri. The papers concern lead and zinc mines around Webb City and Carterville, and the operations of the Schoenherr-Walton and Reliance mining companies. There are also papers concerning a proposed adoption of a child by Adolph and Beulah Schoenherr.
