Introduction

Dr. Tom Dooley belonged to an affluent St Louis family. He joined the Navy after finishing his medical degree. Seeing the horrors in Vietnam, especially in Laos, Dooley became inspired to dedicate his life to helping the Vietnamese with medical aid. He established hospitals and visited those who could not seek medical attention. Dooley founded MEDICO, which would provide medical care to those in developing countries. Dooley continued in work even after being diagnosed with cancer, only returning to the United States for surgery. Dr. Thomas Dooley died in New York City in 1961.
